HOW TO USE THIS DOCUMENT

The **Philanthropy Structure** is a framework designed to help participating Nonprofit Organizations (NPOs) maximise their fundraising potential through Vedanta Delhi Half Marathon 2026, one of India's largest sporting philanthropy platforms.

It provides a clear overview of the philanthropy journey, including registration processes, key milestones, fundraising opportunities, charity bib allocations, and the benefits available to participating NPOs, individual fundraisers, corporate partners, run clubs and institutions. By presenting the participation process in a simple and structured format, the framework enables NPOs to plan strategically, engage supporters effectively, and strengthen their capacity to maximise their potential for social impact.

Supported by **Lakshyaa**, the **Philanthropy Partner**, participating organisations will receive a platform that will enable them to raise funds in various ways, guidance on resource mobilisation, and dedicated support to help them plan effectively, engage donors, and achieve their goals.

Through step-by-step guidance, practical tools, and ongoing mentorship, Lakshyaa aims to build the capacity of partner NPOs, empowering them to independently plan, execute, and sustain successful campaigns on the VDHM platform and beyond.

INTRODUCTION

More than a run, the Vedanta Delhi Half Marathon is a shared mission to create meaningful change for over two decades, **VDHM** has been one of India's most celebrated sporting events and a powerful platform for social impact. Since its inception in 2005, VDHM has inspired thousands of runners, supporters, corporates, and NPOs to come together in pursuit of a common purpose – building a healthier, stronger, and more compassionate society.

Recognised as India's only half Marathon with a **Gold Label status**, VDHM has established a remarkable legacy that extends far beyond the finish line. Through its philanthropy platform, the event has helped mobilise **over ₹88.6 crore** for more than **280 NPOs**, driven by the collective efforts of passionate fundraisers, generous donors, and committed corporate partners.

As VDHM enters its 21st edition in 2026, it continues to unite communities through the spirit of running, inspiring individuals and organisations to transform every step into an opportunity to create lasting social impact.

Lakshyaa is led by Mr. Nikhil Pant, former Chief Programme Executive at the National Foundation for CSR (IICA, Ministry of Corporate Affairs). Its multidisciplinary team brings rich experience in:

NPO PARTICIPATION

With guidance from Lakshyaa, NPOs participating in the Vedanta Delhi Half Marathon (VDHM) become part of a larger movement that advances nation-building while strengthening an ecosystem rooted in sustainability and inclusion. The event goes beyond fundraising as it promotes collaboration, encourages long-term partnerships, and creates space for meaningful stakeholder engagement across sectors.

A key advantage of participation lies in the structured support provided throughout the journey. From strategic outreach planning and fundraising frameworks to digital and social media direction, NPOs receive practical tools to sharpen their campaigns and expand their impact. In addition, curated CSR-oriented workshops offer valuable insights into corporate engagement practices and sustainable partnership models.

Visibility is further amplified through dedicated microsite pages, social media promotion, and integrated branding opportunities across the event platform. This comprehensive exposure helps organizations widen their audience base, enhance credibility, and deepen donor connections, ultimately accelerating their mission and strengthening their overall presence.

NPO Recognition & Privilege Programme

To recognise and encourage meaningful participation, NPOs will earn points across multiple campaign engagement indicators throughout VDHM's Philanthropy Programme. The cumulative points earned will determine each NPO's Privilege Level.

The NPO Recognition & Privilege Programme is designed to promote sustained participation, encourage innovation in fundraising, and promote greater collaboration between NPOs, fundraisers, corporates, and the wider philanthropy ecosystem.

NPOs will be recognised for how effectively they leverage the various fundraising opportunities available through the VDHM platform. This holistic framework encourages organisations to diversify their fundraising efforts, build strong fundraising communities, and maximise engagement across multiple channels.

- The **minimum number of Individual Fundraisers** mentioned for each category refers to the minimum number of unique fundraisers required for qualification. - ▶ The NPO Privilege Level is designed solely to acknowledge an organisation's level of /engagement with the VDHM philanthropy platform. It is not an assessment or rating of an NPO's credibility, governance, impact, or programme quality.
- ▶ The programme has been designed to reward organisations that actively leverage the various fundraising and engagement opportunities available through the event. Since every NPO has unique strengths and fundraising approaches, recognition is based on a balanced assessment across multiple campaign indicators rather than performance in any single category.
- ▶ NPOs may continue to improve their Privilege Level until the close of the philanthropy campaign. However, all race-day privileges and on-ground benefits will be determined based on the Privilege Level achieved by the published race-day qualification deadline. Any subsequent improvements will be recognised through post-event acknowledgements and applicable post-race benefits.

6 Ways for an NPO to Raise Funds at VDHM 2026

Exclusive NPO Pages

On successfully registering with Lakshyaa for VDHM, each NPO gets a unique personalized page on the Lakshyaa-VDHM website. The page displays details of the NPO, its appeal, contact details, the previous year's fund utilisation (if applicable), the total amount raised, the fundraisers supporting the NPO. The main features of NPO pages are:

About the NPO

This section allows the NPO to share detailed information about itself, including the broad vision of the organization and how this vision aligns with fundraising through VDHM. This helps potential donors assess the NPO's credentials and credibility.

Causes

This section lists the broad causes (one primary and one secondary cause) the NPO works on or has expertise in. It allows potential donors to choose the specific cause they would like to support through their donation.

Appeal to Raise Funds

Here, the NPO can add a catchy appeal to inspire fundraising support, encouraging both corporate and individual donors to contribute to their cause.

Individual Fundraising

All individual fundraisers supporting the NPO are listed here. Potential donors can visit any fundraiser's page to donate to their campaign. Having fundraiser pages improves the credibility of the NPO as these individuals are ambassadors of the excellent work NPOs do and help raise awareness for their cause.

Donation Button

A dedicated donation button enables online contributions to the NPO via the Lakshyaa website. Donors can choose to make their names public, or they can keep it anonymous as per their convenience which will then be displayed.

Donation Receipts: All donations received on Lakshyaa Microsite will be automatically disbursed to the NPOs based on the time taken by Razor Pay. Lakshyaa will support and work with NPOs to issue donation receipts as applicable within 10 working days from the date of receipt of funds. Lakshyaa will also provide GST invoice and TDS certificate against the service fee charged by Lakshyaa wherever applicable. Form 10BE certificates will be sent by NPOs directly to the donors before 31 March 2027 for the donations received for FY 2026-27.

Real-Time Content Management

All NPOs are provided login details through which they can upload / update / edit the content on their pages in real time.

Fundraising Dashboard

The login feature also gives them access to a fundraising dashboard where they can see details of all donors and donations that have happened for their NPO through this website.

Offline Donation Updates

NPOs can also upload information of their offline donations / donations directly received by them against VDHM participation on their NPO pages which rightfully gets added to their overall target achievement and showcase.

Service Charges of Lakshyaa: 7.25% (4.75% - Philanthropy Partner + 2.5% - Gateway charges) of **all online donations** made on www.vdhm.lakshyaa.co.in shall be retained by Lakshyaa as the event's philanthropy partner for its capacity development efforts, platform charges, payment gateway charges and applicable taxes. - PAN Number:
- GST Number:
- Complete Address:
- Name of Company on BiB:
- SPOC Name:
- SPOC Email:

The following will be the process post-donation to NPO and receipt of the applicable service fee by Lakshyaa:

Team Submission Process for the Run: Corporate team participation applications are managed through the official online portal managed by the Event Promoter – Procam International Pvt. Ltd. Lakshyaa facilitates the process by creating a login page for the corporate post receipt of details mentioned above and generates a special code. Runners can register using company-specific unique codes directly on the portal managed by Procam. Only once the company SPOC has submitted the desired team as final, will the team registrations be confirmed by Procam.

Team-Fundraising: Employees of participating companies can make their VDHM participation more meaningful by raising funds for a supported NPO. Corporates can use their Corporate Page on the Lakshyaa-VDHM website to encourage employees and teams to contribute collectively towards a chosen cause. Lakshyaa can also assist companies in connecting with NPOs based on their preferences. The fundraising process for corporate employees is similar to that of individual fundraisers, with a few added recognitions:

Social Media Recognition

The top 5 employee fundraisers (minimum of ₹25,000 each) will be featured on social media platforms.

Corporate Star Certificate

Employees who raise ₹50,000 or more will receive a "Corporate Star" certificate jointly awarded by Lakshya and VDHM.

Additional Fundraiser Benefits

Employee fundraisers may also qualify for extra privileges based on their fundraising level, as outlined under the Social Stars category.

Corporate Recognition in Event Docket

Companies whose employees collectively raise funds will be featured in the Event Docket:

- Quarter-page feature for cumulative fundraising of ₹1 lakh or more.
- Half-page feature for cumulative fundraising of ₹3 lakh or more.

Offline Fundraising

Corporates may also choose to collect donations internally from employees and contribute the total amount as a lump-sum donation to the NPO they are supporting. To process offline donations, the following steps should be followed:

Employee Contribution Details: Companies should share the total number of employees and names of employees who contributed, especially if the corporate qualifies for an incentive level and wishes to include employees in social media acknowledgements.

Cheque or Demand Draft (DD): If the donation is made via cheque or DD, a copy should be sent on email to Lakshyaa to vdhm@lakshyaa.co.in

Bank Transfer Details: For direct bank transfers, the transaction details must be emailed to vdhm@lakshyaa.co.in. Once Lakshyaa receives the donation confirmation from the NPO along with the required details and applicable service fee, the amount will be reflected on the corporate's fundraising page on the Lakshyaa-VDHM website.

Important Points

Non-Refundable Donations: Donations made by companies to NPOs, as well as the service fee paid by NPOs to Lakshyaa, are non-refundable.

Runner Application Rejection: Where Procam International Pvt. Ltd. rejects a runner's application for any reason, the race entry fee will be refunded according to the event rules; the donation amount remaining non-refundable.

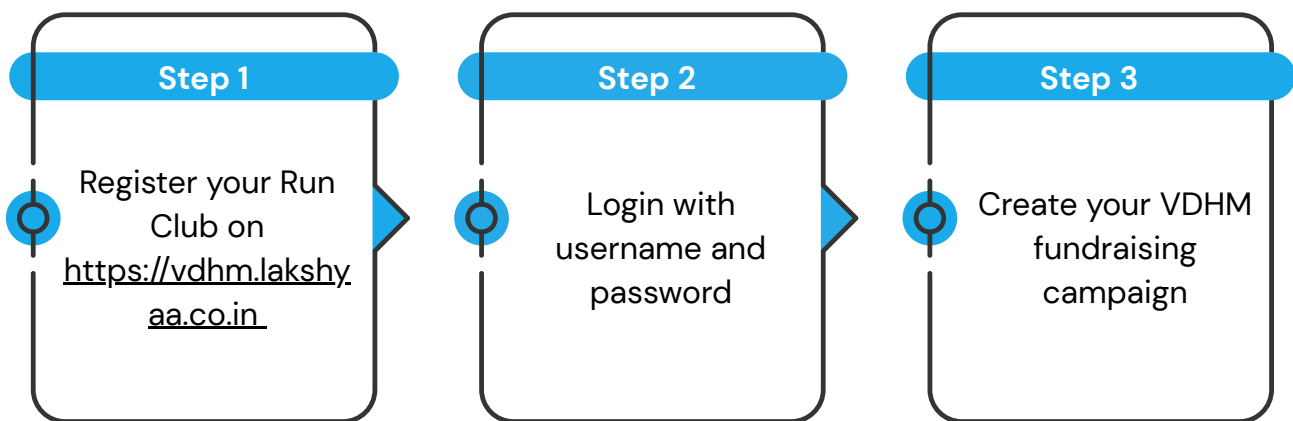

Run Clubs

Run Clubs form a vital part of the Vedanta Delhi Half Marathon community. Across the NCR region alone, nearly 139 Run Clubs, along with many others from different states, participate in the event each year. These clubs bring together passionate runners who train collectively, motivating and supporting one another to achieve ambitious goals. Beyond running, they also contribute to the race atmosphere by volunteering, recognition through on-route facilities, and cheering participants along the route.

Runners are often socially conscious individuals and influential voices within their communities. Many have already been actively involved in fundraising for causes they believe in. Building on this spirit, the 21st edition again offers Run Clubs a dedicated opportunity to support NPOs and contribute meaningfully to nation-building through causes they care about.

The Process?

Quite simple actually.

3.1. Set a fundraising target and select the cause your Run Club wishes to support.

3.2. Based on the selected cause, a list of associated NPOs will be displayed for you to choose from. If there is a local NPO you would like to support that is not yet onboarded, the Lakshyaa team can facilitate its empanelment, subject to due diligence and eligibility requirements.

3.3. Once an NPO is selected, the Donate button will be activated.

3.4. Personalise your fundraising page by adding a compelling appeal and a brief introduction about your Run Club.

3.5. Upload photos and videos to make your campaign more engaging and inspiring.

3.6. Easily share your fundraising campaign with club members, family, friends, and well-wishers to encourage participation and maximise support for the cause.

Run Clubs can easily turn fundraising into a fun and meaningful activity by involving their wider community and creatively supporting the cause. Some ways to do this include:

Encouraging friends and family of Run Club members to support the cause.

Organizing training runs with beneficiaries if the NPO is located nearby.

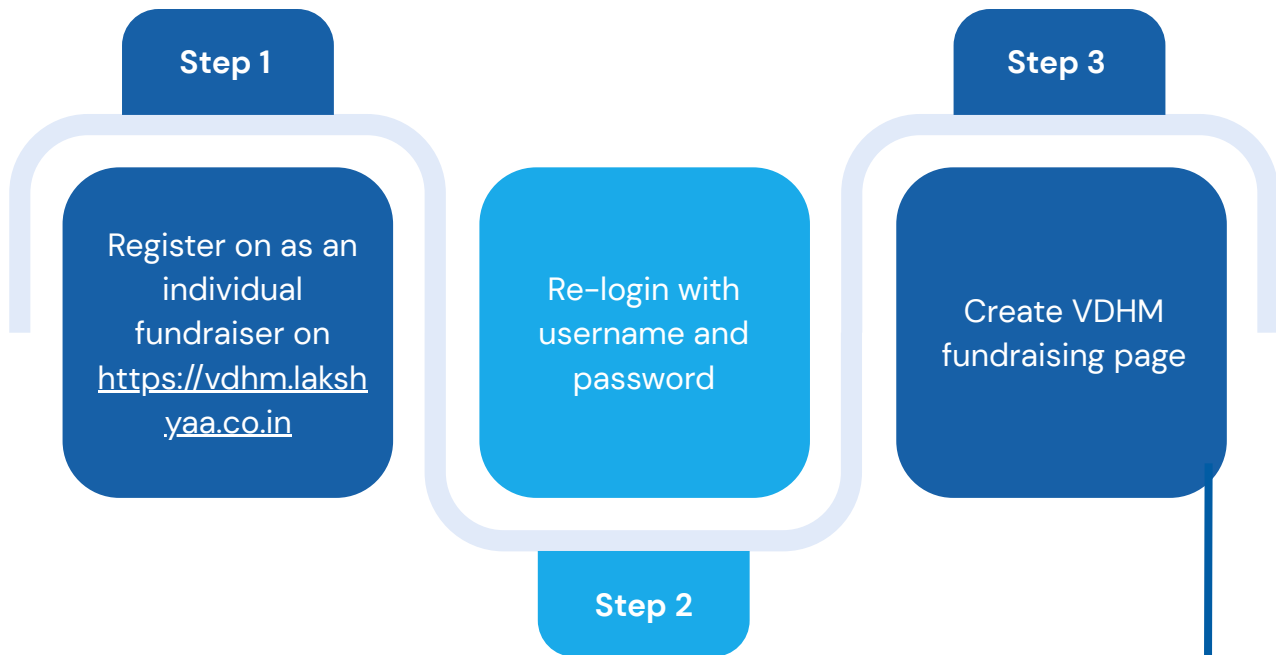

Brainstorming creative ideas that allow the club to take ownership of the fundraising journey.

Motivating individual members to go beyond donating by becoming Social Stars and raising funds independently (details below).

Shine On as Social Stars

Individual Run Club members can take the next step, champion the cause, and raise the invaluable funds required by your chosen NPOs to create lasting on-ground impact.

3.1. Specify the Run Club you are a member of.

3.2. Add a fundraising target and select an NPO you wish to support – the Donate button will get activated.

3.3. Add your appeal and a short bio.

3.4. Add photo and video.

3.5. Share your fundraising campaign with anyone and everyone you know!

Important: Funds raised by an individual run club member will get added to the total funds raised by the Run Club. What's more, the run club member will be entitled to all privileges of a Social Star in his/her individual capacity (see under section Social Stars). This is a Win-Win for all!

Incentives and Privileges for Run Clubs Supporting Charities

Run Clubs that actively raise funds for charities will receive the following recognition and benefits:

Institutional Participation

Collective giving can significantly amplify impact. For the Vedanta Delhi Half Marathon 2026, institutions, colleges, workplaces, RWAs, and community groups can participate through Joint Account Donation Pooling, where individuals come together to combine their contributions and support a shared cause. Through this approach, groups such as students, colleagues, alumni networks, or housing communities can pool funds and make a single collective donation to a participating NPO. This not only simplifies the fundraising process but also encourages a sense of shared responsibility and community participation. By mobilizing their networks and contributing together, groups can strengthen the culture of philanthropy at VDHM while supporting NPOs working toward sustainable and inclusive development.

Fundraising Milestone	Privileges
₹25,000	The Institution will be promoted on social media once it crosses ₹25,000 in fundraising.
₹1,00,000	- Includes the above privilege. - Top 2 fundraising institutions may get the opportunity for 2 members to register for 10k and 1 member for Half Marathon using Charity Bibs (timing qualification will not apply). - Opportunity to be featured on radio (subject to selection by the radio partner). - Recognition on the "Wall of Stars" at the Expo, Media Center, and Procam Marquee. - Inclusion in the Charity Corridor along the race route on race day. 10 members from the institution will get a chance to be a part of the NPO's Cheering Zone on route on the Race Day.

Charity Bibs

Charity Bibs are special running slots reserved for NPOs at VDHM 2026 to help them raise funds through supporter donations. These bibs allow participants to secure entry into the race even after general registrations close, subject to race rules and availability in the chosen race category. Lakshyaa sets a minimum donation amount for each race category to ensure fairness among participating NPOs. However, NPOs may choose to request higher donation contributions if they wish. By running with a Charity Bib, participants not only gain a place in the race but also support and promote a cause, often by displaying the NPO's name on their bib – turning their run into a visible act of social impact.

Bib Allocation

- ▶ The runners can apply for a charity bib on the VDHM-Lakshyaa Website. They shall choose the cause and NPO of their choice at the time of application.
- ▶ Their application is directly sent to the chosen NPO, who contact the runners for completion of the donation process.
- ▶ An NPO may request a Charity Bib to Lakshyaa via email at vdhm@lakshyaa.co.in only after it has secured the prescribed donation amount from a prospective runner.
- ▶ Upon verification of the donation to the NPO and service charges to Lakshyaa are confirmed, Lakshyaa will issue a unique Charity Bib registration code to the NPO. (Charity Bibs will be released one at a time, ensuring equitable distribution among all participating NPOs and preventing unnecessary blocking of available bibs.)
- ▶ The NPO must share the registration code with the runner, who will be required to complete their registration on the Procam registration portal.
- ▶ The runner should complete the registration process within 24-48 hours of receiving the code. Failure to do so may result in the code expiring or the bib being released back into the available pool.

- ▶ While the donation is made to support the NPO's cause, the runner will also be required to pay the applicable event registration fee to Procam at the time of registration.
- ▶ Once a Charity Bib has been successfully utilised, the NPO may request the next Charity Bib, subject to availability and the same verification process.
- ▶ Runners can collect their charity bibs directly from the Lakshyaa counter at the Expo.

Charity Bib Donation Amount

Service Charges of Lakshyaa: NPOs are required to pay 10% or ₹5000, whichever is lower, of the Charity Bib donations to Lakshyaa as service charge inclusive of payment gateway and GST.
